## FULL STACK DEVELOPER

Passionate about coding and innovation, I thrive on the challenge of bringing ideas to life through software development. With a deep-seated love for problem-solving and a knack for crafting elegant solutions, I find joy in the creative process of building something meaningful from scratch.

## WORK EXPERIENCE

### Full Stack Developer Freelancer | AlgoSeedLabs | Montreal Mar 2024 - present

- Utilized PHP and Laravel frameworks along with MySQL database to develop robust and scalable backend solutions, ensuring optimal performance and reliability.
- Demonstrated problem-solving skills by effectively diagnosing and resolving backend bugs and issues, improving overall application stability and user experience.
- Restructuring backend components to enhance code organization, scalability, and maintainability, contributing to the long-term sustainability of the software projects.

### Full Stack Dev. Intern | KinoKlik | Montreal Oct 2023 - Mar 2024

- Utilized the MERN Stack (MongoDB, Express.js, React, and Node.js) for development tasks.
- Contributed to the enhancement of user experience and streamlined content-sharing processes.
- Played a significant role in designing and implementing the User Interface of the platform.
- Set up Continuous Integration/Continuous Deployment (CI/CD) pipelines to automate deployment processes.
- Deployed the platform on Heroku for seamless accessibility and scalability.

### Shopify E-commerce Strategist | Freelance | Remote 2019 - 2021

- Learned to create and manage websites and e-commerce stores on Shopify.
- Spearheaded the launch and growth of multiple e-commerce ventures.
- Self-learned Facebook advertising management techniques.
- Applied strategic approaches to optimize advertising performance and reach target audiences.

### Graphic Designer & Video Editor | Freelance | Dubai 2016 - 2020

- Self-learned graphic design and video editing skills.
- Mastered Adobe Creative Cloud, particularly Photoshop, Illustrator, After Effects, and Premiere Pro.
- Managed client projects and requirements as a freelancer.
- Crafted visually striking designs and captivating video content tailored to clients' visions.

### Uber Eats - Amazon DSP 2021 - 2022

- During the pandemic, contributed to the community by providing essential delivery services for Uber Eats and Amazon, ensuring timely and efficient delivery of goods to customers.
- Demonstrated adaptability and resilience in navigating challenging and unpredictable circumstances during the pandemic, ensuring uninterrupted delivery services to meet the needs of customers.
- Leveraged strong time management skills to prioritize deliveries effectively, maintaining high levels of efficiency and customer satisfaction even during peak demand periods.

## SKILLS

- HTML, CSS, JS, React, NodeJS
- Bootstrap, Tailwind CSS
- SQL, Oracle, MySQL, MSSQL, MongoDB
- Java, Spring, Web Services, RESTful
- C#, WinForms, .NET, MVC, OOP
- Git, GitHub, Linux, CentOS, AWS, Docker

## EDUCATION

CS50   Harvard University   edX remote	2024 - Present
Software Development   Vanier College   Montreal, QC <ul style="list-style-type: none"><li>• Studied Software Design, SDLC, and development.</li><li>• Worked with different teams on various projects and applications.</li></ul>	2022 - 2023
Mechatronics   EMU University   Cyprus	2015 - 2016

## LANGUAGES

- Arabic - Native
- English - Fluent
- French - Beginner

## INTERESTS

- Front-end
- Back-end
- Full Stack
- Desktop Applications
- Mobile Applications
- Databases

## PROFESSIONAL DEVELOPMENT GOALS

- Continuously enhance proficiency in emerging technologies and programming languages to stay ahead in a rapidly evolving industry.
- Strive for leadership roles where I can mentor and inspire others, fostering a collaborative and inclusive work environment.
- Commit to ongoing professional development through courses, certifications, and networking to broaden my expertise and advance my career trajectory.
